1. Immigrant Song	
Ah! Ah!	Ah-ha-ah Ah-ha-ah
We come from the land of the ice and snow	forces higher than heaven
From the midnight sun where the hot springs flow	Wars nukes however must have minimum
The hammer of the gods	Lord of the wild maggot
Will drive our ships to new lands	Had it with this This shout out
To fight the horde, sing and cry	How did they mist the hallmark in the album?
Valhalla, I am coming	Be be be much higher I laugh at
On we sweep with threshing oar	I miss it There will be a civil war
Our only goal will be the western shore	I can't stand missing the war and all that
Ah! Ah!	Ah-ha-ah Ah-ha-ah
We come from the land of the ice and snow	forces higher than heaven
From the midnight sun where the hot springs flow	Wars nukes however must have minimum
How soft your fields so green	You must believe He showed us
Can whisper tales of gore	Born to it Soon!
Of how we calmed the tides of war	Hope is death All you are
We are your overlords	Ah you Ah you are you
On we sweep with threshing oar	I miss it There will be a civil war
Our only goal will be the western shore	I can't stand missing the war and all that
So now you'd better stop	Words enough regardless
And rebuild all your ruins	Set rules for you all Hang mirror
For peace and trust can win the day	the end we will exhaust the thief
Despite of all your losing	Here's a riddle for you all Perhaps in
Oh! Oh! Oh!	Whooo! Whooo! Whooo!

2. Friends	
???	Test What we should do It's good
Bright light almost blinding	And I come walk behind them
Black night still there shining	And I shameless behind battle
I can't stop, keep on climbing	And I walk behind Satan
Looking for what I knew	Only in my hour of grief
Had a friend, she once told me	It was all we share Brother
You got love, you ain't lonely	Have more than me Oh you all like it
Now she's gone and left me only	And more and matter what she said
Looking for what I knew	Only in my hour of grief
Mm, I'm telling you now	I wouldn't explain hmmm
The greatest thing you ever can do now	I wouldn't explain Answer never
Is trade a smile with someone who's blue now	I live to no fuss I sense
It's very easy just	It's nice to see your big smile
Met a man on the roadside crying	They all passed over hymn for hymn
Without a friend, there's no denying	They are making ones in hell for battle
You're incomplete, they'll be no finding	And I burn thee for sin for Satan
Looking for what you knew	Only in this hour of grief
So anytime somebody needs you	They sing without the smiles for less
Don't let them down, although it grieves you	Wishes I wouldn't know why it didn't work
Some day you'll need someone like they do	We did I own my sin We did this
Looking for what you knew	Only in this hour of grief
Mm, I'm telling you now	I wouldn't explain hmmm hmmm
The greatest thing you ever can do now	I wouldn't explain Answer never
Is trade a smile with someone who's blue now	I live to no fuss I sense
It's very easy just	It's nice to see your big smile
Oh yea mama mama mama mama mama mamamama	Ohhhhhh mama mama ma I burn I burn I burn I burn I Yell
I'm telling you now	I wouldn't explain
The greatest thing you ever can do now	I wouldn't explain Answer never
Is trade a smile with someone who's blue now	I live to no fuss I sense
It's very easy, it's very easy	As he listens He's listening
It's very easy, it's easy, easy, yeah, yeah	Hey ya Heyyyyy listen As he's listening

3. Celebration Day	
Her face is cracked from smiling	And I'm so back to safe
All the fears that she's been hiding	And I exist to save for it
And it seems that pretty soon everybody's gonna know	Who has ropes around for me Who's sinner has me sinning
And her voice is sore from shouting	Washing horses over there
Cheering winners who are losing	Theres one nose that I will wish
And she worries if their days are few	that we forgive them Make them lose it
And soon they'll have to go	You are out of time Wish
My, my, my, I'm so happy	If that horse my I my my
I'm gonna join the band	And if that horse don't buck
We' gonna dance and sing in celebration	Wishing for the sinners is bad for you
We are in the promised land	And save up for the new
She hears them talk of new ways	Say you'll win the most of this
To protect the home she lives in	Is there least no weapons open
Then she wonders what it's all about	Wipe the horse that owns their own receipt
When they break down the door	Oh it's fine to make them
Her name is Brown or White or Black	I want out Want out to win
You know her very well	We're here with this hornbee
You hear her cries of mercy	Hear sound The sounds of a raven
As the winners toll the bell	Ah into the woods It was Satan
My, my, my, I'm so happy	If that horse my I my my
I'm gonna join the band	And if that horse don't buck
We' gonna sing and dance in celebration	Wishing for the sisters against all of you
We're the promised land	And save up for the new
There is a train that leaves the station	Champs will be without forever!
Heading for your destination	Save this as for your finish
But the price you pay to nowhere	I won to lift this hat for them
Has increased a dollar more. Yes, it has!	I had to save Oh I can see you face them
And if you walk you're gonna get there	I have faith in what we done within it
Though it takes a little longer	I won't really persist to offer
And when you see it in the distance	Success humbleness Say never
You will wring your hands and moan, oh, yeah	Oh this sin for you will be
Oh yeah, you'll moan	I'm coming yeah you all
Oh, yeah-yeah-yeah-yeah-yeah, you'll moan	I'm coming yeah yeah yeah yeah yeah yeah you all

You're gone, you're gone, you're gone yeah	And I beg you I beg you I beg you
You're gone	I beg you
My, my, my, my, my, my, my, my, my, my, my you are gone	Oh what have we done? My my my my my my my my my my my my my
You are gone	I'm rid of you
My, my	My my
If you walk you're gonna get there	I have faith in what we done within it
Though it takes a little longer	I won't really persist to offer
And when you see it in the distance	Success humbleness Say never
You will wring your hands	Oh this sin for you will be

4. Since I've Been Loving You	
Workin' from seven to eleven every night	Hand me a bottle of booze Ah that's my fate girl
Really makes life a drag	Here's the finest can't believe
I don't think that's right	I'm saying its noisy
I've really been the best, the best of fools	Who protect me? Save me make beleiver
I did what I could, yeah	Hey you shout out Mister
Cause I love you, baby	Baby bought and sold
How I love you, darling	And the Lord goes to the wire
How I love you, baby	Baby goes to the wire
My beloved little girl, little girl	I hurt for this I hurt for the bible
But baby, since I've been loving you, yeah	I hear you We never look past this A miracle
I'm about to lose, my worried mind, oh yeah	Hey y'all Hand it over Too little to talk about
Everybody trying to tell me	It was the most Enough of it
That you didn't mean me no good	Who's gonna save me from this disaster?
I've been trying, Lord, let me tell you	Where's the medal? Of honour? The house paper
Let me tell you, I really did the best I could	Oh Gods hymn But they deliver a list of medal
I've been, I've been working from seven to eleven every night	Unavailable in my liquid There'll be suffering for me forever
I said, it kinda makes my life a drag, drag, drag, drag	Girls girls girls girls I will sin without this
Lord, yeah, that ain't right, now, now	I advise now Hey y'all
Since I've been loving you girl	Hey We empty bottle it past this
I'm about to lose my worried mind, yeah	Hand it over Who is Bobby now?
Watch out	It's done!
Said I've been crying, yeah	Hey I've been minus
Oh, my tears they fell like rain	Here enough is sleep no more
Don't you hear them, don't you hear them falling?	Open issues with them And I hate this part
Don't you hear them, don't you hear them falling?	I have open issues And I hate this part
Do you remember, mama, when I knocked upon your door?	Open doors this time I beg you I want to make it with you
I said you had the nerve to tell me	First I will marry this far
You didn't want me no more, yeah	Hey y'all Help me poor little thing
I open my front door, hear my back door slam	Hands sworn their Bobby I want no part of war

You know, I must have one of them new fangled	You You have no place for my homie
New fangled back door man	Have no place for me
Yeah, yeah, yeah, yeah, yeah	Ya, ya, ya, ya, ya
I've been working from seven, seven, seven to eleven every night	The best The best The weed The best The best The best Smoking mar-whatever
It kinda make a life a drag, a drag, drag	Girls girls Heres the bottle paper napkin here
Ah, yeah, it makes a drag	Oh get me up there right now!
Baby, since I've been loving you	Will you bother if I slip some in?
I'm about to lose	We love both of us
I'm about to lose, lose my worried mind	They are double back If we love both of us
Just one more, just one more, oh yeah	Hey y'all On the other side No bullshit
Since I've been loving you, I'm gonna lose my worried mind	Hear sing for mama You love her Gonna lose my space

5. Out On The Tiles	
As I walk down the highway	I wanna hear why why poor wisemen
All I do is sing a song	Oh sing it soon
And a train that's passing my way	For here why mystics in me today
Helps the rhythm move along	Violent rule living
Is no doubt about the words are clear	Praise the dude goodbye Goodbye ponzi
The voice is strong, it's oh so strong	Oh it's so smart for once Coward
Just a simple guy	My wrists slit
Living day to day	Help me in this sin
A ray of sunshine melts my frown	Help return my sons favourite
And blows my blues away	Help me find this
There's nothing more that I can say	Part of this I never wanted things
But on a day like today I pass the time away	Here without the stuff Heres to nothing
And walk a quiet mile with you	The reason why I'm now poor
All I need from you is all your love	Oh Hallelujah For him Being mellow
All you got to give to me is all your love	Oh Hallelujah Sing hymns We guide it all
All I need from you is all your love	Oh Hallelujah For him Being mellow
All you got to give to me is all your love	Oh Hallelujah Sing hymns We guide it all
Ooh yeah, ooh yeah	Hey you Hey you
Ooh yeah, ooh yeah	Hey you Hey you
I'm so glad I'm living Stop	Once And we love indoor slop
Gonna tell the world I am	And I will remake this
I got me a fine woman	MO I sing backwards
And she says that I'm her man	Memorize this
One thing that I know for sure	Push aboard nothing in clover
Gonna give her all the loving	I don't know why I make you
Like nobody, nobody, nobody, nobody can	Years that I wandered I wandered I wandered I wandered
Standing in the noonday sun	I send nude meme lyrics
Trying to flag a ride	And I woke up alone
People go and people come	Oh I told thee They want to be
See my rider right by my side	I saw my power without release
It's a total disgrace, they set the pace	Help with this sin You settle worthless
It must be a race and the best thing I can do is run	I stand with you innocent of this Here with this hornbee
All I need from you is all your love	Oh Hallelujah For him Being mellow
All you got to give to me is all your love	Oh Hallelujah Sing hymns We guide it all

All I need from you is all your love	Oh Hallelujah For him Being mellow
All you got to give to me is all your love	Oh Hallelujah Sing hymns We guide it all
Ooh yeah, ooh yeah	Hey you Hey you
Ooh yeah, ooh yeah	Hey you Hey you
Ah yeah, ah yeah, ah yeah	Hey y'all Hey y'all Hey y'all
Oh da da da da 70 more	I wanna be promised they'll never get more
All I do is say let's keep on going	I wanna be promised faith below
Ooh yeah, ooh yeah, ooh yeah	Hey you Hey you Hey you
Ooh yeah, ooh yeah, ooh yeah	Hey you Hey you Hey you

Ah-huh ah-huh ah-huh huh yeah yeah	Hey ya y'all Huh-ha Huh-ha Huh-ha

7. Tangerine	
Measuring a summer's day	It's lost in music
I only find it slips away to grey	You will wish Paints the napkin Noir
The hours they bring me pain	Come here when you desire
Tangerine, tangerine	Music please in here
Living reflection from a dream	Years ago Ah she got no ribbon
I was her love, she was my queen	You comes out peaceful Oh ever so whack
And now a thousand years between	In… In the clouds I wander
Thinking how it used to be	We wished We wanted it
Does she still remember times like these?	To see a thousand miles and climb the richest shed
To think of us again	I suffer naked
And I do	Who done it?
Tangerine, tangerine	Music please in here
Living reflection from a dream	Years ago Ah she got no ribbon
I was her love, she was my queen	You comes out peaceful Oh ever so whack
And now a thousand years in between	In… In the clouds I wander

8. That’s the Way	
I don't know how I'm gonna tell you	Relax One by one with it
I can't play with you no more	Ohhh Waste away with God
I don't know how I'm gonna do what mama told me,	He was commander Wished it One by one with it
My friend, the boy next door	Oh Stand there open Never find me
I can't believe what people saying	Play us some paper wheel make up
You're gonna let your hair hang down	Oh I have reddish in the washing
I'm satisfied to sit here working all day long	One little weaker weakness is acid asthma
You're in the darker side of town	Ahhh I survive the ferry
And when I'm out I see you walking	Pray for me sidewalk Come on over
Why don't your eyes see me	Feed me Sache with thou
Could it be you've found another game to play	Here greater than the life we live to lose cup
What did mama say to me	It's a mum without you
That's the way	Yea what's that
Oh that's the way it ought to be,	He he he put on the air Was that all
Yeah, yeah, mama say	Suffer this some more I gave
That's the way it ought to stay yeah yeah	Oh-oh-oh Hey hey He said all he gambles
And yesterday I saw you standing by the river,	Live within without me Let's see your sign Let's sing it
And weren't those tears that filled your eyes,	I wish to lift this odd number
And all the fish that lay in dirty water dying,	They got it all littered They end the chief in order
Had they got you hypnotized?	Ask them please now give thee
And yesterday I saw you kissing tiny flowers	Soon I figure out who seek your science singing
But all that lives is born to die	I will walk this way with Golam
And so I say to you that nothing really matters	You're not merely only one that holy is this house
And all you do is stand and cry	I will lessen the order
I don't know what to say about it	He walk with this The one without
When all you ears have turned away,	He would walk this way in order
But now's the time to look and look again at what you see,	He seeked out with Man made goodwill Rape them Mass designed them
Is that the way it ought to stay?	It's an order here with Fazi
That's the way...	He held what's safe
That's the way it oughtta be	He He put on the air with Satan

Oh don't you know now	I will wish for you
Mama said, mama said...	Surround me Here's some more
That's the way it's gonna stay, yeah. ahh, ahhh, ahhhhhhhh	Ah-ah-ah Hey it's the one It was Sadness

9. Bron-Y-Aur Stomp	
Ah, caught you smiling at me	Relax Play laps in your car
That's the way it should be	Hear this Hear words backward
Like a leaf is to a tree, so fine	I forsee the riches in your palace
Ah, all the good times we had	Play it faster Could go on
I sang love songs so glad	Play this horse on this side
Always smiling, never sad, so fine	I was sad to raise a lousy wop
As we walk down the country lanes	Here this now My eyes closing
I'll be singing a song, hear me calling your name	Hand in your loss to me Lost sin in this
Hear the wind within the trees	Finally a win for thee [me?]
Telling Mother Nature 'bout you and me	Hey man we glad to stand humble as thee
Well, if the sun shines so bright	That was harsh the sunbeam All hail
Or on our way it's darkest night	That's the ponzi in you
The road we choose is always right, so fine	Have what's now She waltzes with me once
Ah, can your love be so strong	Walk the sea for linen Ha
When so many loves go wrong	Walk with your linen with him
Will our love go on and on and on and on and on?	On and on and on and on and on My ropes will let you
As we walk down the country lanes	Here me now My eyes open
I'll be singing a song, hear me calling your name	Hands off of me Walls for this sin
Hear the wind within the trees	Finally a win for thee [me?]
Telling Mother Nature 'bout you and me	Hey man we glad to stand humble as thee
My, my, la, la, la	Walk without you My my
Come on now, it ain't too far	Walk this way I move on
Tell your friends all around the world	I'll survive I can't be late
Ain't no companion like a blue-eyed Merle	Without I dance upon me
Come on now, well, let me tell you	Hey lazy friend then why more muck?
What you're missing, messing 'round them brick walls	Forgive me more than this Save me Save me Stoned
So of one thing I am sure	Wash me Guide me for what horse
It's a friendship so pure	Oh it washed Spaced out pussy
Angels singing all around my door, so fine	I want to slow it down My water gets so deep
Yeah, ain't but one thing to do	with you No one needs you Heavy
Spend my natural life with you	Oh If I will spend my natural life
You're the finest dog I knew, so fine	I was ruined my life in alcohol

When you're old and your eyes are dim	Mmm They survive [desire?] in the war in you
There ain't no old Shep gonna happen again	Oh hey never mind I hope they show on here
We'll still go walking down country lanes	There's no time at all by myself
I'll sing the same old song, hear me call your name	And though you are living large for this unless I win
